

Motorola Triumph Camera Replacement

This will teach you how to replace your camera.

Written By: greg

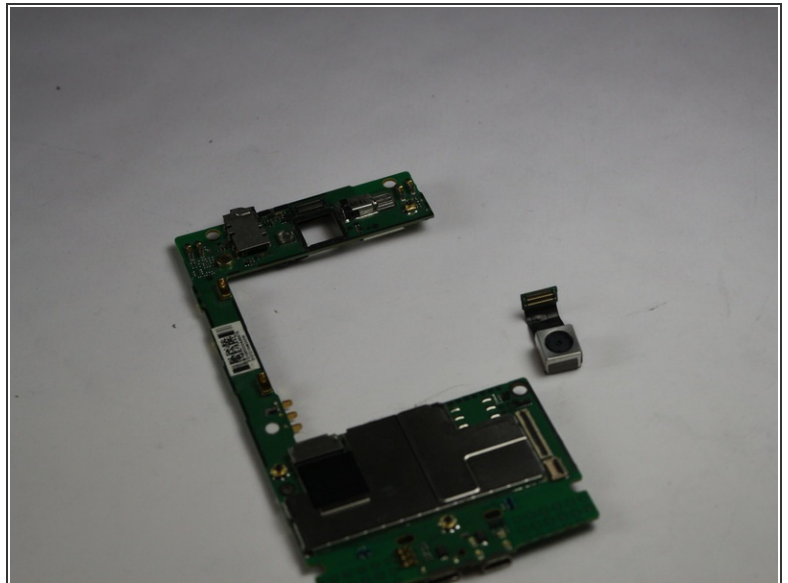

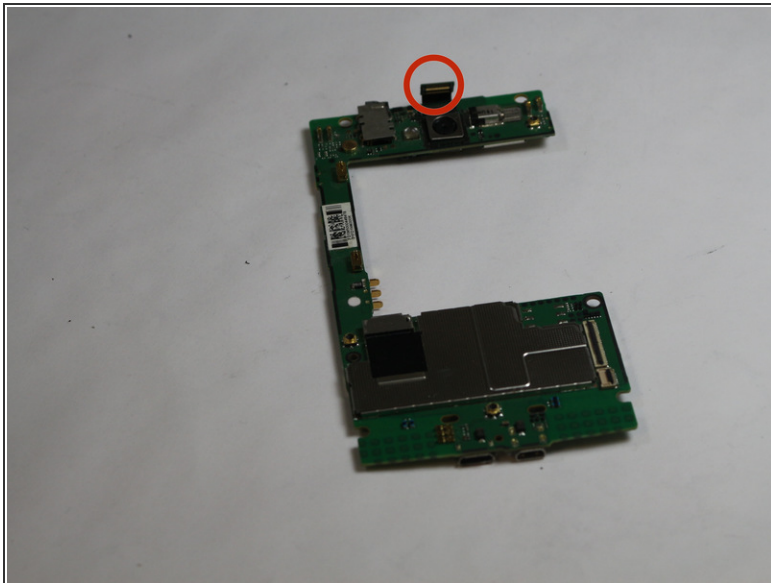

Step 1 — Camera

- After removing the battery and the motherboard as previously stated in the battery guide. The camera will be located at the top of the motherboard.

Step 2

- Take the the spudger, and unclip the connector above the camera.
- Once the connector is out, you can take out the camera.

To reassemble your device, follow these instructions in reverse order.
